

Senator Hails End of Gyps in Assigned-Risk Insurance

By Sen. Richard Richards
For some time now, many of us have felt that one of the most flagrant, and yet uncontrolled, abuses in automobile insurance has been the extremely high cost of policies charged to the so-called "assigned risk" insured.

In the last fiscal year 189,534 drivers were required to obtain insurance on this assigned-risk basis.

Some of these drivers were victims of unscrupulous insurance agents charging 200% above the regular cost of similar programs.

I was glad to note that on May 3 State Insurance Commissioner F. Britton McConnell, announced that effective July 1, the cost of this special coverage would be limited to no more than 15% of the regular insurance premium rate.

This new ruling came into effect after McConnell, Gov. Brown, members of our Legislature, and a committee composed of insurance executives met in November, 1959, for the express purpose of considering what actions could be taken in the face of numerous complaints from drivers and responsible leadership in the insurance profession.

From this and other meetings there came to the legislators' attention a request for provisions within the assigned-risk law requiring that body-injury and property-damage insurance under the assigned-risk plan be made available at fair rates to those persons "who are in good

faith and entitled to, but unable to procure, such insurance through ordinary channels."

The Legislature also in a de provisions for recognition of certain relevant and obviously significant discriminatory acts by the following statutory language: "Such plans (assigned risk) shall contain standards for determining eligibility of applicants for insurance, and in establishing such standards the following may be taken into consideration in respect to the applicant, or any other person who may reasonably be expected to operate the applicant's automobile with his permission: 1. His criminal conviction record; 2. his record for suspension or revocation of a license to operate an automobile; 3. his automobile-accident record; 4. his age and mental, physical, and normal characteristics, which pertain to his ability to safely and lawfully operate an automobile; 5. the condition or use of his automobile."

Under the McBride-Grunsky Insurance Regulatory Act it is provided that "rates shall not be excessive or inadequate as herein defined, nor shall they be unfairly discriminatory."

Boat Insurance Not Required

Lachlan M. Richards, chief of the Division of Small Craft Harbors, today said the state boating law contains no provision whatsoever requiring vessels to be insured.

The division has been told that certain groups have been informing boaters that insurance is mandatory. The division wants the public to know that boat insurance, in any form, is neither required nor compulsory.

'Krazy Daze' Sale Planned for Thursday

"Crazy man, crazy" is the word for Leonards Discount Department Store's Krazy Daze Sale starting Thursday, in El Segundo and Garden Grove.

Leonards, who have just opened their second big store in Garden Grove on Harbor Blvd., is expecting crowds up to 100,000, according to Bob Leonard, president.

"Last year's Krazy Daze Sale sold \$100,000 worth of nationally advertised merchandise at a 90% loss," said Leonard.

Some of the crazy prices at which these items will be sold when the sale starts, Thursday morning at 11:30, are \$419.95 O'Keefe & Merrit gas ranges for \$8, \$299.95 Packard-Bell 21" console TV for \$7, \$539.95 Frigidaire refrigerators for \$9, \$279.95 Maytag washer for 5, and thousands of other absolutely ridiculous prices.

"Everyone will have an equal chance to buy at these nutty give-away prices," said Ron Pearson, manager of the Garden Grove store. Free numbered tickets will be given at the door, and every 10 minutes for four days a Krazy Daze Special will be announced over the loud speaker. In some cases the items will be offered on a first-come, first-served basis. Other items will be sold to the holder of the drawn numbered door tickets. The quantities on these items will vary from two of a kind up to 1000 of a kind.

Crazy hats of all types and styles will be passed out to everyone.
